We even have people who have come to us after visiting salons set up by our previous students and were so impressed that they joined us too!

So, when checking reviews are you reading real success stories, or are you reading a review of someone who merely enjoyed a nice sales chat? Enough said!!

We've been doing this for 15 years and are damn good at it! We are literally the courses that the other companies copy.

HOW IT WORKS

AND FREQUENTLY ASKED QUESTIONS

We've been training students online in beauty for over 15 years now and have really perfected our online platform, our feedback and guidance processes and content to be able to create highly proficient beauty professional skill sets in different beauty services.

Everything is delivered online, and we show you everything you need from start to finish - from sourcing products to perfecting the services. Here's how:

Theory

You will learn all of the theory you need through our online learning platform via both video content and online manuals. You will also participate in the online quizzes and have a final exam at the end of the course.

Practice

You will practice your skills step by step, starting with the foundations and moving onto the full services. We show you what to do on every step and exactly how to use the products for those services.

Guidance

We give you feedback and guidance on your work. Yes, we assess the work on each of your models and give you constant feedback on each of your skills at each step to keep you on track. The beauty subjects are highly interactive.

Perfection

You will practice each of the services you are learning so that you are perfect. And again we will guide you all the way. If you follow our instructions and take on the feedback and guidance you will master the skills we are teaching you.

FREQUENTLY ASKED QUESTIONS

Do I need prior experience in this field?

The short answer is no.

We've designed our courses to introduce people to the beauty industry and give them the skills they need to succeed for a reasonable price, and there are no prerequisites to sign up.

What if I am having trouble understanding something?

If you're having difficulties understanding something on your course we'll be here to support you. Our team is available online 7 days a week to answer any questions, and we have thorough FAQ sections for each subject that cover common problems.

Will I be qualified after the course?

Our certificate is legally valid in Australia and New Zealand (and many other countries) to allow you to set up your own business or start working in a salon.

However, if you're outside of New Zealand or Australia, we'd recommend checking the regulations within your local area to see if different qualifications or licenses are required.

How do I get my practice?

Each course requires some level of practical work, and you'll need to source models to practice on (this is explained in each course).

Your models can be friends and family, and we'd suggest asking people who have had the same professional service done before, so they can give proper feedback.

Do I have to do all subjects?

You can do as few or as many as you want to. Our courses are designed to be stand-alone, but all the subjects complement each other.

We offer a discount that increases depending on the number of courses you purchase, and the most economical way is to buy all six courses together.

Is there a guarantee?

Yes. If you aren't happy with your course we ask that you notify us within 30 days, and we will give you your money back with no questions asked.

Our Student Enrollment Advisors will call you to discuss your specific goals and needs.
